REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claimed subject matter differs from Nevo et al. (US 2005/0078616 A1) in that Nevo uses a proactive notification or request to a dominated device to suspend operations (paragraph 0048). In contrast, applicant's claimed subject matter uses a signal to jam or stall transmissions at so as to order the traffic, wherein the jamming or stalling signal which indicates a busy channel differs from a proactive notification or request to suspend operations at a particular device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin Marcelo whose telephone number is 571-272-3125. The examiner can normally be reached on Mon-Fri 8:30-5:00.
